

How to get to YHC Lawyers

Address

Level 15, 100 Edward Street, Brisbane in the Brisbane CBD.

Landmarks

YHC Lawyers is situated between Le Bon Choix and Raw energy, diagonally across from the Buffalo Bar (formerly the Belgian Beer Café) and across the road from Folio Books and Flight Centre on Mary Street.

By Car

There is street and secure parking nearby.

Street parking with a parking meter is charged at about \$2 an hour for a maximum of 3 hours, and spaces fill up quite quickly in the morning.

The closest secure parking lots around our office are:

- Crowe Horwath Centre – 120 Edward Street, Brisbane
- 201 Charlotte Street, Brisbane
- 200 Mary Street, Brisbane
- 53 Albert Street, Brisbane

Short stay parking rates will vary but they generally start from \$15.00 for one hour.

If you are coming into the city for the day, you could consider early bird parking at some of the above car parks (entry between 5am – 10am and exit between 1pm – 6pm). Early bird rates start from \$21.00 for the day.

By Public Transport

If coming by bus, train or ferry, visit the TransLink Journey planner website to determine the best route for you.

Train

If coming by train, the closest station is Central Station. Central Station is approximately 700 metres or 7 minute walk from YHC Lawyers.

To get from Central Station to YHC Lawyers:

1. Exit at the gates next to the news agency - this will take you onto the corner of Ann Street and Edward Street.
2. Follow Edward Street for four blocks, walking past the Victory Hotel.
3. Cross to the right hand side of the street when convenient.
4. YHC Lawyers is located on the right inside the 'Canegrowers' building at the corner of Edward Street and Mary Street.

Ferry (CityCat)

If coming by ferry, the closest terminal is the Riverside Ferry terminal. It is approximately 600m or a 6 minute walk to YHC Lawyers. When arriving, turn left onto Eagle Street and follow the road onto Mary Street. At the corner of Mary Street and Edward Street cross the road. You will see 100 Edward Street at the intersection with Raw Energy at the bottom of the building.
